Eek, you have a Senior

Your high school graduation is a momentous event and you will want to record all the memories associated with it. One of the most important memories is your senior portrait session. These special images will be recorded in albums and portraits, possible in your high school yearbook, and distributed to family and friends as a memento of this significant life event. It's important to carefully plan for your photography session. By following the steps outlined in this helpful guide, you can have fun and memorable senior portraits that truly depict you and your personality.

what to expect

1- After selecting a session date I will email you a link to book your session that has our e-sign contract and where you are able pay your $175 deposit online.

2- Plan for your session. I'll want to know your vision for outfits, locations, etc. So I will send you a questionnaire to fill out & suggest you start a Pinterest board.

3- If it is easier to discuss details over the phone call 2-3 weeks prior to your scheduled session.

4- Time to shoot! We'll meet 2 hours before sunset at location we will discuss beforehand.

5- 2-3 days later I will send previews via text and/or post to social media.

6- Images will be ready up to 1 week after your session with an online gallery with 75+ images! Select the images, pick your digital package and I will then invoice you.

7- Once invoice is paid, I will add you to the edit list and your images will be delievered within 2 weeks.

You may be wondering, aren't all my photos edited? The answer is YES. All you final photos will be corrected for lighting, color, and final touch ompared the original photo that you may see in camera or preview. I will also edit a handful of pictures for the gallery so you can see what your final images will look like.

Day of the session

We will meet the pre-determined time/location. You should arrive ready in your first outfit. If the attire wrinkles easily, you may want to come a little earlier so you can change into your outfit before we start shooting. You'll need to be changing and doing touch ups in the car as we switch locations. You will wan to bring water, snacks, makeup/hairspray for touch ups, lip balm, extra accessories/shoes, and possibly a towel.
